# *EDUCATIONAL TESTING SERVICE (ETS) MAJOR FIELD TEST DATA ANALYSIS FOR LINCOLN UNIVERSITY STUDENTS ACADEMIC YEARS 2001-2006*

***PREPARED BY THE STAFF OF THE CENTER FOR ASSESSMENT, INSTITUTIONAL RESEARCH AND PLANNING***

***SEPTEMBER 2006***

# Executive Summary
# ETS Major Field Test Data Analysis for LU Students
# Academic Years 2001-2006

Major Field Tests (MFT), developed by Educational Testing Service (ETS), provide colleges and universities with the means to assess academic achievement of students within major disciplines. The Major Field Tests are nationally normed, standardized exams that are available for the following disciplines: Biology, Business, Chemistry, Computer Science, Criminal Justice, Economics, Education, History, Literature in English, Mathematics, Music Theory and History, Physics, Political Science, Psychology and Sociology. A total score (scaled score) is reported for each student that completes the test and percentile rankings are available in the Major Field Tests Comparative Data Guide that is published by ETS.

The Major Field Test Data Analysis provides information regarding Lincoln University students who have taken an ETS Major Field Test during academic years 2001, 2002, 2003, 2004, 2005 and 2006. Due to the fact that there is not a MFT specifically designed for Marketing majors, Lincoln University's Marketing majors take the Business Major Field Test. All information used to complete this analysis was obtained from the student information system.

A total of 793 Lincoln University students have taken the ETS Major Field Test within their discipline during academic years 2001 (94 students), 2002 (109 students), 2003 (111 students), 2004 (190 students), 2005 (158) and 2006 (131). Of the 793 students, 163 (21%) scored at or above the 50th percentile while 630 (79% ) scored below the 50th percentile.

**NOTE**: 12 Psychology Major Field Test scores were received after the 2000-2005 ETS Major Field Test Data Analysis was completed. Sections V and VII of this report have been revised to include the additional 12 Psychology scores.
