# Executive Summary
# ETS Major Field Test Data Analysis for LU Students
# Academic Years 2002-2007

Major Field Tests (MFT), developed by Educational Testing Service (ETS), provide colleges and universities with the means to assess academic achievement of students within major disciplines. The Major Field Tests are nationally normed, standardized exams that are available for the following disciplines: Biology, Business, Chemistry, Computer Science, Criminal Justice, Economics, Education, History, Literature in English, Mathematics, Music Theory and History, Physics, Political Science, Psychology and Sociology. A total score (scaled score) is reported for each student that completes the test and percentile rankings are available on ETS's website at http://www.ets.org.

The Major Field Test Data Analysis provides information regarding Lincoln University students who have taken an ETS Major Field Test during academic years 2002, 2003, 2004, 2005, 2006 and 2007. Due to the fact that there is not a MFT specifically designed for Marketing or Public Administration majors, Lincoln University's Marketing and Public Administration majors take the Business Major Field Test. All information used to complete this analysis was obtained from the MFT database that is maintained by Lincoln University's Assessment Coordinator.

A total of 810 Lincoln University students have taken the ETS Major Field Test within their discipline during academic years 2002 (109 students), 2003 (111 students), 2004 (190 students), 2005 (158), 2006 (131) and 2007 (111 students). Of the 810 students, 178 (22%) scored at or above the 50th percentile while 632 (78% ) scored below the 50th percentile.

**NOTE:**
During academic year 2004, one BLS student took the Biology MFT, four BLS students took the Business Administration MFT, one Business Education student took the Business Administration MFT, one English Education student took the English MFT and one BLS student took the Sociology MFT.

During academic year 2005, one Medical Technology student took the Biology MFT, one Administrative Office Management student took the Business Administration MFT, one BLS student took the Business Administration MFT, one Accounting student took the Business Administration MFT and one BLS student took the Sociology MFT.

During academic year 2006, three Agribusiness students took the Business Administration MFT and one Business Education student took the Business Administration MFT.

During academic year 2007, one Agribusiness student took the Business Administration MFT, one Business Education student took the Business Administration MFT and one Spanish student took the Criminal Justice MFT.
