Lincoln University Department of Nursing Science at FLW offers a part-time evening nursing curriculum that leads to an Associate of Applied Science degree. Upon successful completion of the program, the student is eligible to apply to take the National Council Licensing Examination for Registered Nurses (Nursing Practice Act Section 335.066 provides additional criteria for eligibility to apply for licensure to practice nursing). Satisfactory performance on this examination will qualify the student for licensure as a registered nurse.

The nursing curriculum consists of seven sequential, nursing courses. Each course includes structured classroom and laboratory experiences. Formal classroom time includes four to six hours per week. Twelve hours per week are spent in the clinical and college laboratories. These experiences will be at a variety of health care settings such as hospitals and clinics in the Rolla, Lebanon and Waynesville area.

The purpose of the AAS Nursing program is to prepare graduates to apply the nursing process in the provision of nursing care in diverse settings where policies and procedures are specified and guidance is available. Emphasis in the program is placed on development of competencies essential to the practice of AAS Nursing as defined by the NLN (Educational Competencies for Graduates of Associate Degree Nursing Programs, 2000). In addition, this program provides a basis for continued studies in nursing. Graduates are often employed in hospitals, clinics, nursing homes, physician offices and industry.

Program requirements may be met by transfer credits, which will be evaluated on an individual basis.

Students may receive credit for some required nonnursing courses by CLEP testing. Must submit official CLEP transcripts. Tuition for nursing courses is \$287.25/ credit hour and for non-nursing courses is \$221/credit hour. In addition to the tuition and fees charged by the university, nursing students are assessed \$50 for each nursing course containing a laboratory/clinical component, \$30 for non-nursing lab fees and \$10/ credit hour technology fee

Kaplan testing fees are also assessed each semester.

Students should anticipate spending approximately \$3,000 for nursing expenditures such as:

- Textbooks
- Uniforms
- Stethoscope
- Watch with second hand
- Graduation Fees
- Lincoln Nursing Pin
- NCLEX-RN Licensure Exam

Students are responsible for transportation to and from campus and clinical experiences.
