**ARTICULATION AGREEMENT
BETWEEN
THE METROPOLITAN COMMUNITY COLLEGES
AND
LINCOLN UNIVERSITY**

OVERVIEW:

This formal program articulation agreement is made and entered into by Lincoln University, hereinafter referred to as Lincoln, and the Junior College District of Metropolitan Kansas City, Missouri, hereinafter referred to as MCC. By this agreement, MCC and Lincoln express a shared commitment to increasing opportunities for student access to and success in higher education. By clarifying transfer policies and procedures which assure articulation between programs, the institutions seek to assist students in making a seamless transfer from the associate degree to the baccalaureate degree.

PURPOSE:

This agreement provides students who have earned an **Associate of Arts in Business** at MCC the opportunity to complete a **Bachelor of Science in Business Administration** at Lincoln. Any Metropolitan Community College student who has earned an Associate of Arts in Business is guaranteed that Lincoln will accept designated freshman and sophomore business courses, general education courses required for the AA degree, plus any freshman and sophomore business and general education courses required by Lincoln beyond the AA degree. However, the number of credit hours cannot exceed 64. Lincoln will apply such to the Bachelor of Science in Business Administration degree in a manner consistent with the treatment of native students.

CONDITIONS OF TRANSFER:

Section I: Admissions and Matriculation

MCC students maintaining continuous enrollment under this agreement or matriculating into Lincoln within one year from the last registration date with MCC will be afforded the same treatment and protection as Lincoln native students enrolled under the Lincoln catalog in effect the year the student officially matriculates into MCC.

Criteria for acceptance into the Bachelor of Science in Business Administration will be the same for transfer as for native students.

Students seeking admission to Lincoln must have a minimum 2.0 cumulative grade point average (G.P.A.) on a 4.0 scale for all college work attempted and in good standing with MCC.

The G.P.A. used to determine admission to the baccalaureate program will be based upon the academic policies of Lincoln. Courses in progress will not be used for calculating G.P.A.

MCC, upon request of students, will provide verification of completed courses to Lincoln through its Office of Admissions.

The transcript of students transferring from MCC will be evaluated by representatives from the Department of Business and Economics and the Office of Admissions at Lincoln

The Office of Admissions at Lincoln has established application procedures and deadlines. Students should contact the Office of Admissions for details or consult the Lincoln Undergraduate Academic Bulletin.

Transfer students from MCC will have access to financial aid, scholarships, and student services on the same basis as native students.

Lincoln will apply the same academic progress and graduation standards to MCC transfer students as those applicable to native students.

Section II: Transfer of Credit

A maximum of 64 credit hours will be accepted by Lincoln from MCC to be applied to the Bachelor of Science in Business Administration.

Only academic courses with passing letter grades (A, B, C, D) will be accepted for graduation requirements; courses with grades of "F," or "AU" are not transferable.

Students may earn college credit by examination in the College Level Examination Program (CLEP) in general education subject areas if scores earned are at least in the 70th percentile. Official test scores must be submitted to the Counseling and Career Services Office.

Lincoln will accept for credit courses taken while the student is enrolled in high school under the Dual Enrollment Program as long as the courses are not vocational in nature and follow the State Guidelines for Dual Enrollment Courses. In order to receive credit, the Office of Admissions must receive an official college transcript from the college or university granting the credit.

Section III: Program Plan

Students falling under this program articulation agreement will be responsible for successfully completing the following requirements.
