

Admissions

To be admitted to the BSN program, applicants must meet the following criteria:

- Admitted to Lincoln University
- Entrance exam within the last 5 years from nursing application date, meeting one of the following criteria:
 - Minimum ACT composite of 19 **OR**
 - HESI A2 with a minimum composite score of 70% in the following areas – basic math, reading comprehension, vocabulary and general knowledge, grammar and A&P. *The HESI A2 may only be taken a max of 2 times per calendar year (Jan.-Dec.). Preparation with HESI A2 materials is highly recommended.*
- A minimum cumulative GPA 2.5
- TOEFL ≥ 600 if English is a second language
- A minimum of 48 credit hours that meet BSN degree requirements to enroll in Fundamentals, which must include:
 - English Composition
 - 16 hours of Life, Physical and/or Natural Science (including Anatomy & Physiology with lab, Microbiology with lab, and Chemistry)
 - Statistics
 - Psychology
 - Pre-Nursing Survey

Pre-requisite courses may be required for these courses. If you are transferring credits to Lincoln, the course requirements may vary.

- **A grade of C or higher within two attempts in all required courses.**
- School of Nursing application with \$25 non-refundable application fee
- Three School of Nursing reference forms
- Personal interview by invitation
- Good academic & non-academic standing
- Copy of ALL transcripts

Application and references are due the last Tuesday in September for Spring admission and the first Tuesday in March for Fall admission.

Additional information concerning the application process is available by contacting the nursing office.

TOTAL NURSING CREDITS.....	57
TOTAL PROGRAM CREDITS.....	120

The School of Nursing at Lincoln University offers a four-year nursing curriculum that leads to a Bachelor of Science in Nursing (BSN) degree. Upon successful completion of the program, the student is eligible to apply to take the National Council Licensing Examination (NCLEX) for Registered Nurses. Nursing Practice Act Section 335.066 provides additional criteria for eligibility to apply for licensure to practice nursing. Satisfactory performance on this examination will qualify the student for licensure as a registered nurse.

The purpose of the BSN nursing program is to prepare individuals for professional nursing practice. The nurse prepared at the baccalaureate level is a professional who has acquired a well-delineated and broad knowledge base for practice. Emphasis within the program is placed on role development and the *Essentials of Baccalaureate Education for Professional Nursing Practice* (AACN, 2008). The baccalaureate graduate is prepared to provide and manage care for individuals, families, groups, communities and populations in diverse settings. The baccalaureate graduate is also a member of the profession. The BSN nursing program establishes the foundation required for continuous education within the discipline of nursing.

The nursing curriculum consists of five sequential, semesters of nursing courses. Each nursing semester includes structured classroom, practicum and laboratory experiences. These experiences will occur in a variety of health care settings in the Jefferson City, Columbia, Fulton and other Mid-Missouri areas.

(last updated 4/2022)

Program Costs

In addition to the tuition and fees charged by the university, nursing students are assessed \$50 for each nursing course containing a laboratory/practicum component. Nursing course fees of \$10 per credit hour are applied to all nursing courses.

Kaplan testing fees are also assessed throughout the program.

Students should anticipate spending approximately \$4,000 for nursing expenditures such as:

- Textbooks
- Uniforms
- Stethoscope
- Watch with second hand
- Student Nurse Association Membership
- Graduation Fees
- Lincoln Nursing Pin
- NCLEX-RN Licensure Exam
- Background Checks
- Drug Screening
- CPR
- Health requirements

Finally, students are responsible for transportation to and from campus and practicum experiences.
